ABOUT ME

A highly motivated and tech-enthusiastic individual with a strong passion for exploring emerging technologies and innovations. Specialized in Artificial Intelligence and Machine Learning, with a keen interest in applying intelligent systems to solve real-world problems. Possesses a solid foundation in algorithm design, data-driven modeling, and neural network development, complemented by hands-on experience in Python, TensorFlow, and related tools. Continuously driven to learn, adapt, and contribute to cutting-edge technological advancements in the AI domain.

EDUCATION

MAHENDRA INSTITUTE OF TECHNOLOGY

B.E - CSE (AI & ML)
CGPA : 8.25

2023 - Present

HOLY CROSS SCHOOL

GRADE 12

2021 - 2023
